COMMENTS FROM THE TOWN MANAGER'S OFFICE

This being my first week on the job I do not have very much to report on. I have met many people and am very pleased by the treatment received.

The most important business transacted by the town this past week was to purchase a new loader. The new machine is a gas operated Allis-Chalmers with a 1 1/4 yard bucket which is larger than the present loader. Delivery is expected sometime the first week in May.

The second meeting of the Fire Station Study Committee was held Tuesday evening, April 24, at the fire station. After an examination of the present building, the group discussed things that would be needed in a new building. The secretary will get data from the Lisbon Falls Town Manager on their new fire station that is nearly ready for use.

The next meeting will be a trip to the Rumford-Mexico area to visit their fire stations and the new municipal building in Mexico.

I will try to keep the public informed of the activities of the local government. The office hours will remain the same, 9 a. m. to 4:30 p. m., week days, and 9-12, Saturday. I am looking forward to meeting and serving the people of Bethel. Mr. Bean, your last manager, had nothing but praise for the town and its citizens. I hope our association is as pleasant.

Michael Houlihan

The fire department answered three calls Saturday: a chimney fire at James Spinnery's, South Bethel; and grass fires near Walter Tikander's, West Bethel, and the Alfred Curtis place, East Bethel.

There was a fall of about five inches of snow Wednesday forenoon, which resulted in slippery traveling for several hours. No damaging accidents are reported nearby although skidding resulted in serious injuries in some localities.

The Eleanor Gordon Guild met Wednesday evening at the home of Virginia Keniston. Marilyn Parker volunteered to represent the Guild on the Health Council. It was voted to hold a coffee for the Gould Academy seniors Sunday, June 3 after the church service. Virginia Keniston reported on the program for the Mother-Daughter Banquet. Entertainment after the meeting was furnished by Dorothy Bean.

Little Boy Blue never plays in the street. Good for Little Boy Blue! He'll never be hurt by the cars that whizz by. He knows what not to do!

CHAMBER OF COMMERCE TO HEAR ABOUT JAPAN

John Tebbets will talk about his experiences in Japan for the Ekco Products Corporation at the Tuesday, May 1, meeting of the Bethel Chamber of Commerce. How to Do Business in Japan will be the actual title of his talk but it is assumed that there will be some interesting sidelights.

The meeting will be held at the Congregational Church and will be preceded by a dinner, which will be served by Circle 1 with Mrs. Elizabeth Wheeler and Mrs. Ruth Kittredge as co-chairmen.

GOULD'S BINGHAM GYM SCENE OF GREAT CHANGE

Preparations for construction of the new "Bingham Hall" at Gould Academy are well under way. The old gymnasium is now bare of balconies and stage and excavation is progressing under the former stage area where the new heating plant will be located. The gymnasium is to be completely rebuilt to provide improved and enlarged girls' athletic facilities.

The new building will include a 550 seat auditorium with modern staging and projection facilities as well as faculty and alumni rooms. Completion is expected in September 1963.

The William Bingham Gymnasium was built and equipped through the generosity of the late William Bingham 2nd in 1921-22. It was used by both boys and girls until the Field House was completed in 1941 for boys' use. The "old" gym has been the scene of all school activities and many community projects during the past 40 years.

The Legion Auxiliary met Tuesday evening at the Legion Rooms. There were twelve members and four guests present. Among the guests were the President of the 2nd District, Laura Lavino, from Livermore Falls, and Vice President of the 2nd District, Stenlene Riley, of Livermore Falls, who spoke to the group. Stephanie Thurston received the mystery package. Poppy Posters are to be in by May 16. They are being made by children in the grade schools. Arrangements for the annual convention were discussed which will be June 22-23-24. The Smorgasbord held last week was a success.

The Middle Intervale Cemetery Association will hold their annual meeting at the home of L. C. Stevens Wednesday evening, May 2nd, at 7:30 p. m.

Local School Crowding to Continue

The PTA met Tuesday evening at Crescent Park School for a musical program by the Crescent Park School Band directed by Mrs. Edith Eyppey followed by the regular business meeting.

Mrs. Natalie Timberlake reported that the fluoride program has had to be postponed until summer at which time the parents will be notified.

It was announced that there will be a meeting at South Paris, May 2, at 7:30, conducted by Mrs. Strout on legislative problems concerning education.

A nominating committee was chosen to prepare a slate of officers for 1962-63 to be presented at the next meeting. They are as follows: June Swan, Cliff

ford Laws, Phyllis Dock. After the business meeting, the following problems were discussed:

Mrs. Edith Eyppey described her Tuesday and Thursday schedule in the Bethel schools and her after school workshop for the band Thursday. Unfortunately, her schedule is overcrowded, and the congestion in the hall for band practice is not only a diversion to the other classes but a fire hazard as well. There is no solution to this problem due to lack of adequate space. As it is now many of the grades can have music only every other week to allow the other half of the split grade to have it the alternate week. Those who do have music every week have only a 15 to 20 minute period.

Colwyn Haskell gave a committee report on the study of physical education in the schools. There is no organized program at this time or hope for it in the near future, again, because of inadequate space and facilities.

Richard Davis reported on the progress of the plans for the two new rooms at Crescent Park School. Alonzo Harriman Associates of Auburn is the architectural firm chosen to draw up the plans. The bids have not yet been submitted, but it is hoped to begin work next month in order to be finished by the time school starts in the fall.

It was pointed out that these rooms would give no more classroom space. They are only relieving the basement classrooms in the Primary School. It was also pointed out that the cafeteria and lavatory facilities will be even more inadequate with the added pupils.

A group discussion followed which brought out the general concern for the overcrowded conditions and lack of facilities. It was pointed out that there is a great need of action to alleviate this situation in the very near future.

Daylight Saving Time

The Summer Time Act, passed as a war economy during WW I brought Daylight Saving Time to England—and confusion to the trenches in France. All nations, including Germany, were forced to change their clocks and thus, re-synchronize the war.

In 1918, President Wilson signed a bill introducing D.S.T. to the United States. It has always been opposed by farmers who were forced to change their livestock's schedules in order to reach the market before closing.

Now used in 27 states (and 10 foreign countries) D.S.T. affects interstate phoning or traveling. Confused about which way to turn the clock on April 29? Makers of the Westclox Baby Ben offer this tip: "You Spring forward and you Fall back!"

Mrs. Addie Lancaster has returned from Intervale, N. H., where she spent the winter with her daughter, Mrs. Ruth Storey.

Mr. and Mrs. Reginald Blake of Berlin visited Mrs. Addie Lancaster, last week end.

Fun night at the Wilson's Mills Town Hall Friday evening was very well attended. The proceeds going to the church.

Mr. and Mrs. John Olson of Woburn, Mass., their daughter, Vivian, and son, John, spent the week end with his mother, Mrs. Agnes Olson, and brother, Leroy.

Mr. and Mrs. Eric Cameron of Rangeley called on his father, Ewen Cameron, and his grandmother, Mrs. Mabel Cameron, Sunday.

Mrs. Leith Cameron who underwent major surgery at the

Massachusetts General Hospital recently, has returned to her home in Rangeley. Her small daughter, Debbie, who stayed with her aunt, Mrs. Virginia Lane, of Errol, went home with her parents.

Fifty people attended services at the Wilson's Mills Church Sunday morning. The choir wore their new robes and Mrs. Agnes Olson played the new chord organ.

TODAY'S Meditation

Thursday, April 26

The Lord is nigh unto them
that are of a broken heart.
(Psalm 34:18)

When Samuel Bradburn's
wife Betsy died, the young
preacher wrote these words in
a letter to his friend John Wes-

ley: "Despair and killing an-
guish have drunk up my spirits
and nearly consumed my body."

Wesley wrote in reply: "Our
comfort is, He that made the
heart can heal the heart. Your
help stands in Him alone. To
His tender care I commend
you."

This reply of the great man
of God points to the true source
of light in the darkness of be-

reavement—none other than
the living Christ. It is He who
causes His friends to rejoice,
giving them "beauty for ashes."

the oil of joy for mourning, the
garment of praise for the spirit
of heaviness; that they might
be called—trees of righteous-

ness, the planting of the Lord,
that he might be glorified."

Prayer: O Father almighty,
Thou who didst raise from the
dead Thy beloved Son, number
us among the rejoic-

ing friends of the living Sa-
vior. Pervade our hearts with
the light of His spirit. Grant
us power to do His bidding.

Render us joyful in service
to our Savior who taught us
to pray, "Our Father who
art in heaven—Amen."

Thought for the Day
"He that made the heart can
heal the heart."

WATERING TROUGHS

Do you remember the gray-
weathered plank watering
trough beside the road? It was
in that woodland patch at the
foot of a tree-covered slope. A
pipe from a spring on the hill-
side carried water to the
trough. The overflow ran along
the side of the road for a few
yards and then disappeared
among ferns, grasses and
shrubs.

The outside of the trough
was dark-stained, and patchily
covered with gray-green lich-
ens. Inside, there was a won-
derful, exciting world for a 12
year-old to study on the way
to District School. One won-
ders how many men now sit-
ting in dignified offices have
pushed their faces into the
cold water and looked at the
underwater scene.

Country boys half a century
ago were the original skin di-
vers. When one opened his eyes
beneath the water, he saw an
ocean floor—furrowed and
ridged with gray silt that re-
minded him of the gray and
black topographical maps in his
dog-eared geography. Waving
tendrils of moss moved slowly
in the water. The sides of the
trough were coated thickly
with the gray material.

Usually farm boys saw to it

BINGHAM ASSOC. FUND GIVES NASSON COLLEGE \$3,000 GRANT

A \$3,000 grant has been aw-
arded to Nason College by the
Bingham Associates Fund to
study the attitude of high
school seniors toward medicine
as a career choice.

The announcement was made
Tuesday by Nason President
Roger C. Gay, who said the 18-
month study will concentrate
on students of York County,
Maine, who are enrolled in the
college preparatory program.

The Fund, since it was or-
ganized in 1932, has been mak-
ing grants of maximum bene-
fit to medical education and
medical care in Maine, both
directly and through the units
of the New England Medical
Center.

Dr. Gay, in accepting the
grant, said, "If a greater per-
centage of Maine youth is to
enter the medical profession
and practice in the State, there
must first be a commitment on
the part of high school stu-
dents to enter college and en-
roll in programs which will
meet the minimum require-
ments for admission to medical
school."

In order to plan on such a
program, the high school stu-
dent must have a favorable at-
titude toward medicine as a
career choice, he said. The study
will seek to discover what un-
favorable attitudes, if any, are
existing which preclude the
choice of medicine as a career
goal, he added.

"It is anticipated that if un-
favorable attitudes are discov-
ered, it will then be possible to
plan a well-structured pro-
gram of action and public in-
formation in order to improve
the supply of potential medi-
cal school students from the
State of Maine," Dr. Gay said.

The study will be under the
direction of Dr. Edward J. Dur-
nall, dean of the college. He
will be assisted by Dr. John
Cobly Myer, college physician
and associate professor of psy-
chology, and Dr. Robert S. Ben-
son, professor of business and
coordinator of the division of
business.

RUMFORD COMMUNITY CONCERT ASSOCIATION MEMBERSHIP CAMPAIGN

Mrs. O. A. Bangs and Mrs. George McKnight, co-chairmen of the Rumford Community Concert membership campaign, have formulated plans for the coming drive to be held from April 30 to May 5. The co-chairmen stress that their hopes are for a complete sell-out again this year. A kick-off dinner will take place on April 30 at Madison's Restaurant in Rumford. Those in charge of this affair are Mrs. Bernhard Mayer, chairman, assisted by Mrs. Hudson Kent.

The chairmen of this year's drive stress the fact that there is to be no advance in subscription rates this year. The

last concert of this season will be a free bonus for anyone subscribing before April 28. On this date the association will present its final concert of this season. Appearing at this time will be Albert Tipton, conductor-flutist, with Mary Norris (Mrs. Tipton), at the piano plus 12 instrumental artists. Their program will be "Music for Tonight."

Two new "holds" for next year's program are being announced. They are the "Don Shirley Trio" which will include a piano, cello and bass viol. The other "hold" is the Westminster Choir which is a mixed adult chorus of 46 voices. These concerts were chosen to suit the desires of those who prefer the light type of entertainment.

Depend on it to give you an honest day's work for a long, long time and not cost much to run or keep up. It's a Chevrolet.

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because they know it stands for quality. When you

make up your mind to buy, get this one. We know you'll be happy with it. HAVE YOU LOOKED INTO CAMPER BODIES? This is a fine way to enjoy the outdoors comfortably and at low cost. Many Chevrolet dealers are showing camper units now. Drop by and investigate this great way to make a truck do double duty. A strong Chevrolet is your best bet for work or play.

GOULD ACADEMY

Gould Teams in Openers

This Week End

On Friday, Coach George Bowhay will have six lettermen in the starting lineup against Mechanic Falls as the Gould team begins the defense of its Western Maine Conference Championship. The lettermen are Capt. Em Merrill, catching, with Chuck Newell, a left-hander, on the mound, Steve Saunders will be at first, Owen Melville at short, and Scott Cummings on third. The only lettermen in the outfield will be Dave Hawkes in left field.

The three positions left will find Don Nowlin at second, in addition to doing some pitching. When he is on the mound, Donnie Young will probably be at second. In center field will be Bruce Moulton, a left-hander who will see mound action, also. In right field will be Dale Stevens. Other team members are Alan Chapman (c), Art Hammond (of), and Tim Ramage (if). Tim Brooks is acting manager assisted by Dave Anderson.

The Friday game will start at 3:30 on Alumni Field. On Tuesday, May 1st, Mexico will play at Gould.

The Academy J. V. pastimers will open at home with a 2:00 game with the Hebron J.V.'s. Coach Berry's lineup will not be available until the end of the week.

Track Coach Joe Roderick,

PROF. CROSBY ATTENDS COUNCILLORS MEETING

The following is quoted from the "Bangor Daily News" of April 12, 1962, under "News from Our Maine Colleges":

"Professor Ruth Crosby of the University of Maine's department of English, a noted authority in medieval studies, will attend an annual meeting of the Councillors of the Medieval Academy of America this week end at Harvard University."

"Professor Crosby is one of 12 councillors selected to direct affairs of the Academy. The Academy promotes medieval studies and publishes 'Speculum', a scholarly journal."

"Professor Crosby has been a member of the State University faculty since 1929." with his assistants, Bob Scott and Phil Taylor, will be meeting Stephens High at Rumford on Saturday with only five lettermen available. Thirty-six men are out for track but most of them are underclassmen, and the usually powerful Huskies look way below par this year. Captain Alan Ring, Laa Grover, Fred Judkins, Bill Stowell, and Jim Weston are the lettermen back for another season.

The men to make the Rumford trip have not as yet been chosen. It will be interesting to see how the new material will perform against what probably will be another good Stephens High team.

PERMITS REQUIRED FOR BURNING GRASS

Permits for burning rubbish or grass may be obtained from Roderick McMillin, Fire Ward, or at the town office. The law regarding outdoor fires reads in part as follows:

It shall be unlawful for any person to kindle a fire for purposes of clearing land or burning logs, stumps, roots, brush, slash, fields of dry grass, pasture and blueberry lands except when the ground is covered with snow, without first obtaining a written permit. For this purpose the forest commissioner shall prepare and cause to be furnished to all state and town forest fire wardens blank permits signed by him. They shall have authority to countersign, and grant such permits signed by the forest commissioner. State forest fire wardens working in the incorporated sections of the state shall have authority to countersign and grant such permits signed by the forest commissioner for any deorganized town or plantation not a part of the Maine forestry district and for state parks. The provisions of this section shall not exempt any person from securing a permit to burn on his own land.

Moisture, wind, time of day, length of burning period needed, sufficient force and equipment and any other condition deemed necessary for granting such permits for burning shall be at the discretion of state and town forest fire wardens. Whenever in the opinion of the forest commissioner there is a serious forest fire hazard, due to dry weather conditions, he may prohibit all burning under the provisions of this section and in such periods state and town forest fire wardens shall refuse all requests to burn and declare void all permits already issued. Any person to whom a burning permit is granted is in no way relieved of legal responsibility if the fire is allowed to escape or causes damage to property of another. Nothing herein contained shall limit restrictions of any town or plantation ordinance regulating burning of refuse or debris. This shall not apply to the rights of state forest fire wardens to set a backfire for the purpose of stopping a forest fire actually burning.

Whoever violates any of the provisions of this section shall on conviction be punished by a fine not exceeding \$100, or by imprisonment for not more than 30 days or by both such fine and imprisonment.

WILLIAM G. HOLT

William Gould Holt died unexpectedly Wednesday morning at the home of his son, Joseph, in Hooksett, N. H., where he had spent the winters in recent years.

He was born in Greenwood, Feb. 21, 1886, the son of John L. and Fannie Rich Holt. He married Susie Elizabeth Bean of East Bethel, who passed away Feb. 17, 1946. Until her death they lived on the former Insley Young place on the East Bethel-Locke Mills road, where he was engaged principally in farming.

Surviving are two daughters, Mrs. Ruth Wilkinson of Bethel and Mrs. Esther Dietrich of Methuen, Mass.; five sons, Joseph of Hooksett, N. H., Edward of West Townsend, Mass., Donald of Bethel, Raymond of Wilton, and Francis of Emonds, Wash.; 27 grandchildren and eight great grandchildren; and a sister, Mrs. May Lowell Kimball of Boston. A son, Philip Earl, died in 1941.

Funeral services will be held at the Greenleaf funeral home Saturday afternoon at 2 o'clock. Rev. Richard Hamilton officiating. Burial will be in the family lot in the East Bethel cemetery. Visiting hours 7-9 p.m. Thursday.

RAY E. COTTON

Ray E. Cotton died unexpectedly Sunday night April 22, at his Mechanic Street home.

Born at Mount Vernon, Nov. 6, 1888, he was the son of Francis and Lizzie Philbrick Cotton. He had lived here 12 years. He had formerly resided in Mechanic Falls. A 50-year member of the Paris Masonic Lodge, he was also a member of Dwin Chapter, OES, Mechanic Falls, and the Mechanic Falls Baptist Church. He married Annie Gibbs at Paris Hill 52 years ago.

He leaves his widow of Bethel; two daughters, Mrs. Ada Cummings, Plainfield, N. J.; and Mrs. Lyndell Carter, Bethel; a son, Albert F., Bethel; 14 grandchildren; and seven great-grandchildren.

Masonic services were held Tuesday afternoon from the Tucker funeral home, Mechanic Falls. Burial in Maple Grove Cemetery.

SAFETY COMMITTEE HITS HASTE ON THE HIGHWAY

"Speed means one thing—haste another," the Maine Highway Safety Committee observes. "Controlled speed means making reasonably fast time with full consideration of traffic, road and weather conditions, the driver's mental and physical condition, and the condition of his car."

"Haste disregards any or all of the considerations mentioned above. It is the result of thoughtlessness and carelessness. It tempts the driver to take chances—to jump the light to pass on curves, to speed through congested areas, and to indulge in other hazardous practices."

"Haste is an evil that affects pedestrians as well as drivers," continued the Committee. "Every year people are killed because they are in too much of a hurry to practice safe walking rules."

"The pedestrian or the driver who is guilty of haste has so little to gain," they added. "In almost every case, it doesn't really make any significant difference whether or not he arrives at his destination a bit later."

In conclusion, the safety group urged: "Don't bet your life against a few seconds. The odds are far too great."
